Westinghouse
ELECTRICAL APPARATUS FOR EVERY PURPOSE

Let Westinghouse engineers help to solve your electrical problems.

Westinghouse Service in China

With the establishment of our own office in Shanghai, purchasers of electrical goods are able to deal directly with the manufacturer. We have no agents in China and when you purchase a piece of Westinghouse equipment you deal only with trained Westinghouse men.

The men in charge of our Shanghai office are technical experts able to give help and advice on all electrical problems. If you are planning any electrical installation you are welcome to the benefit of their long experience in all branches of the electrical field.

Complete stocks of standard equipment are carried in Shanghai and by our distributors in other ports ready for immediate delivery.

Estimates on special installations will be furnished promptly.

Westinghouse Electric International Co.
